## Joint School Takes Option On Anglemyer Property

### Committee Holds Site Not Final

Brodheadville — Pleasant Valley Joint School Committee voted last night to take an "option" on land owned by Walter Anglemyer.

The motion authorizes the committee to take a "six month option on 30 acres" of land owned by Anglemyer running adjacent to Route 209 at a price of \$25 (for the option).

Included also would be a stipulation giving the committee (or the joint board) the right to take a second six-month option at the same fee.

Action followed a report from Charles Allen Frantz, Eldred board president, who headed a committee appointed to investigate the possibility of buying Anglemyer property for the five-township jointure's proposed secondary school.

Frantz told the committee that "Anglemyer didn't seem to be interested in a price (for the actual land purchase) of less than \$600 an acre . . . but was willing to give . . . an option . . ."

The property had been an integral part of discussion centered on a possible site for the past five months. Original asking price quoted at the joint board meetings was \$1,000 per acre.

Frantz moved that the committee approve the option. Ervin Krieger, Chestnut Hill member, seconded.

For last night's option-vote, joint committee President R. Newton Davenport said he "would rule that a total of 13 votes would carry the motion."

An oral roll-call vote was taken. A total of 13 directors voted "Yes"; four voted "No"; one did not vote; seven were absent.

Joint board solicitor Edward Williams asked to be placed on record with an opinion that "the vote . . . is not sufficient . . . as taken."

Davenport pointed out that discussions he had carried on with State officials indicated that "an option would not be" considered final selection of site "until the joint board has acted upon it."

The president also pointed to two qualifications in the option motion, which, he said, would preclude its being considered a selection.

The board approved payment of \$20,829.21 in bills for the month. A discussion of the financial report, current enrollments and a decision to hold a meeting on Tuesday, Nov. 24 were carried out.

### Meyner Thinks Ike Not Issue

Trenton, N. J. (AP) — Democratic Gov. Robert B. Meyner said yesterday his upset victory in Tuesday's election could be attributed more to a desire by New Jersey for strict law enforcement than to a test of President Eisenhower's popularity.

Meyner told his first news conference as governor-elect, "we had some mighty fine breaks" in the campaign against Republican Paul L. Tronst and "I've never believed that the presidential issue had anything to do with the election — the President was more or less maneuvered into his position."

Meyner referred to a pre-election White House statement that the President favored election of all Republicans, including Tronst.

The governor-elect held the news conference after meeting for an hour and a half with retiring Republican Gov. Alfred E. Driscoll. Meyner and Driscoll told newsmen their meeting was the first of several to permit "the orderly transition of authority from one administration to the other."

The department estimated that 3,000 acres of timberland and fields were seized by fires which began last Friday in some areas.

Strong winds during the week-end fanned the flames out of control.

MRS. BARBARA SMITH, 18, wife of the Korean War's first quadruple amputee, Robert Smith, is shown with their son, Don Eugene, shortly after his birth at a hospital in Washington, D. C. Mrs. Smith told newsmen: "He is more than worth all we've been through." The couple lives in Tacoma Park, Md. Smith formerly resided in Middleburg, Pa. He receives a \$360 monthly pension and the income from a \$120,000 trust fund set up by a grateful nation.

### Former Signal Corps Expert In Radar Field Now In Red Underground, Says McCarthy

New York (AP) — Sen. Joseph R. McCarthy (R-Wis.) claimed evidence yesterday that a former engineer in the top secret field of Army radar "is a member of the Communist underground today."

And he added that a second witness before his spy-probing Senate subcommittee — a woman — had without question "engaged in espionage in the Signal Corps at Ft. Monmouth, N. J."

McCarthy did not name either of the witnesses in his talks with reporters outside the hearing room of his Senate permanent investigations subcommittee. Press and public are barred from the closed hearings.

He claimed the engineer refused to tell the subcommittee whether he is a spy or whether he ever stole radar secrets, McCarthy added.

"We have evidence that he is a member of the Communist underground today and that he was part of the Rosenberg spy ring which delivered materials to Communist agents . . ."

"Evidence before this subcommittee clearly indicates that people labeled as part of the Rosenberg spy ring are still walking the streets free."

The unidentified woman witness, according to McCarthy, refused to tell the subcommittee whether she is a spy. The senator added:

"There is no question but that she had engaged in espionage in the Signal Corps at Ft. Monmouth."

The senator said the engineer worked on radar material in the Federal Telecommunications Laboratories, a subsidiary of International Telephone and Telegraph Co., and said they "are doing 100 per cent government work."

Furthermore, McCarthy claimed, top secret radar work is done by the laboratories for Ft. Monmouth. McCarthy declared the engineer refused to say whether he stole radar secrets for delivery "to other espionage agents."

Nor would he say whether he knew Julius Rosenberg, McCarthy added, or where he works now.

### Reds Accept Plan To End Stalemate

Panmunjom, Friday (AP) — The Communists today accepted an Allied plan to let staff officers try breaking the deadlock that is holding up preliminary talks on a Korean peace conference.

The preliminary talks went into indefinite recess after a 20-minute session between U. S. Envoy Arthur Dean and Communist negotiators.

In their 11 sessions since Oct. 26 they have failed to settle an agenda for the preliminary talks.

The Communists want to discuss first the question of inviting neutrals to the main conference. The Allies want to decide on the time and place of the conference first, then listen to Red ideas on the matter of who will attend.

Dean proposed yesterday that the talks be handed over to staff officers or advisers, two from each side, who could form two subcommittees and discuss the questions simultaneously, a procedure that was used successfully in the long Korean armistice negotiations.

The Reds temporarily rejected the plan yesterday but said they would have a more complete answer today.

Today's Red acceptance came as a surprise. The Reds made only one stipulation: "Your side must give up its unreasonable stand in ignoring composition."

Ambassador Dean named Kenneth T. Young, northeast Asian affairs expert, and Col. Stanton Babcock, staff adviser, as the Allied staff officers.

The advisers will meet tomorrow at 11 a. m. (9 p. m. Friday EST) and decide whether the talks will be in secret or open.

The top preliminary negotiators decided to recess "until the advisers report back or one side or the other decides to terminate the meeting of the advisers," Dean said.

Dean, beaming as he left the conference hut astride the Korean military demarcation line, told newsmen the advisers would meet for a "reasonable period," but would not venture a guess as to how long that would be.

### Career Employees Given First Call For Postmaster

Chicago (AP) — Postmaster General Summerfield said yesterday that 79 out of 100 of the first permanent postmasters appointed under President Eisenhower's administration were career postal employees.

In an address before the National League of District Postmasters, Summerfield added that "we are proud of this fact."

### Dollars Succeed Where Love Fails

Athens, Greece (AP) — She tried romantic advances, she tried poetic love letters. They all failed.

So 44-year-old spinster Catherine Tsikaracos — helped by four cousins — kidnapped handsome, 24-year-old shepherd Athanasios Kapsalas from Castania village, central Greece, and took him to the hills.

Still she failed to win his love. Then a distant relative died in the United States and left her \$3,000. Now Catherine is Mrs. Kapsalas, said reports of the saga arriving here yesterday.

### Winter Moves Into State; Foot Of Snow In Michigan

By The Associated Press

Pennsylvania motorists and house-holders were given fair warning last night to put some anti-freeze in the family jalopy and shake the soot out of the chimney — winter is coming.

With some sections of the state still wearing a light mantle from the season's first snowfall, a cold wave swept across Pennsylvania early yesterday and by nightfall temperatures were dipping to the middle 30s.

The weatherman at the same time predicted overnight lows ranging down to the middle or low 20s.

The snow that fell in the western portion of the state made some highways slick and warnings were issued to motorists to drive with extra caution.

Householders were advised to check flues and heating installations to avoid carbon monoxide fumes that might cause deaths by asphyxiation or fire.

Motorists flocked to service stations and garages to have their

### Polio Virus Captured In Photograph With Help Of Powerful Electron Microscope

Pocono Manor — The polio virus has been captured in photographs taken by a powerful microscope, it was announced last night.

The pictures show the virus as a tiny round ball, so small that a million side by side would form a row only an inch long.

Some of the viruses appear singly, others in clusters resembling fish eggs.

Dr. A. R. Taylor, research virologist of Parke, Davis & Co., Detroit, showed the pictures to the Electron Microscope Society of America. They were taken with an electron microscope at magnifications up to 200,000 to 300,000 times.

The historic pictures confirm

estimates the polio virus is one of the smallest of all viruses. They were taken during studies which indicate it is feasible to prepare concentrated virus preparations necessary in making a polio vaccine, Dr. Taylor said.

The Detroit company is working to develop a vaccine, but has not disclosed any details. It has said a vaccine would not be ready for general use until after more development and testing, which may take a year or more.

Recently developed techniques of growing polio virus in test tubes upon non-nervous tissue made it possible to obtain almost pure polio virus, and pictures of it.

It is understood that other researchers also have succeeded in taking such pictures.

Dr. Taylor showed photographs of Type I or Brunhilde polio virus. All three types of virus which can cause polio in humans are being studied by Parke-Davis.

"A great deal of fundamental information regarding the relationships of the biological, physical and chemical properties of the polio virus is sorely needed in order to adequately control the growth of the virus, and the development and processing of even a crude type of vaccine. Now that we have tissue culture methods, we can study these relationships more effectively."

### Blast Traps Eight Men In Utah Mine

Vernal, Utah (AP) — Relatives and rescue workers may have to wait a day or two before they learn the fate of eight miners, trapped in an unexplained explosion in a deep, trench-like gilsonite mine at Bonanza yesterday morning.

Utah County Sheriff Herbert M. Snyder said last night there still was some fire in the 750-foot long section of the open-cut mine where the men were believed trapped. He said it may take "two or three days" for temperatures to cool enough for rescuers to enter the mine.

The blast ripped out a 500-yard section of the mine cut and threw out burning timbers, rock and debris. Bulldozers were required to clear the road some 75 feet away before cars and trucks could approach the pit. A photographer at the scene said he saw one slab of rock about 18 inches by 6 feet which had been thrown more than 300 feet from the cut.

### Ike Approves International Power Project

Washington, (AP) — President Eisenhower yesterday gave New York state final authority to join with Canada in constructing a 600 million dollar St. Lawrence River power project that will produce more than 12 billion kilowatt hours of energy a year.

The controversial St. Lawrence Seaway is not involved, directly at least, in the power project.

Eisenhower, through the signing of an executive order, designated the New York State Power Authority as the American partner with Canada in the power development.

Canada months ago named the Ontario Hydroelectric Commission as Canadian partner in the construction and administration of the giant project.

Assuming that pending court actions to halt New York's participation are unsuccessful, actual construction may begin next spring.

Such a hope was expressed recently by Lester B. Pearson, Canada's minister for external affairs, after a discussion with Secretary of State Dulles.

Dulles, at the same time, assured Pearson that the United States would cooperate in every way possible to expedite disposal of the litigation aimed at delaying or halting the project.

### Two Killed In Pro-Italian Demonstrations In Trieste

Trieste (AP) — Pro-Italian demonstrations got out of hand in this disputed city yesterday and territorial police, shooting to break up a riotous, hostile crowd, killed two persons and wounded 15.

Scores of other demonstrators and police were injured in other battles around the strategic port, a part of the Trieste Free Territory's Zone A that Britain and the United States proposed Oct. 8 to turn back to Italian administration. About three dozen were hospitalized.

The shooting came in late afternoon near the Roman Catholic church of St. Anthony in downtown Trieste. A priest was reconciling the church because of blood spilled in it during a wild melee between students and police earlier in the day.

As hundreds of students crowded around the church for the ceremony, a riot police jeep moved into the throng. Students began hurling paving blocks and sticks at the occupants.

Witnesses said the police tried to fight free of the crowd, but failed. Before the fight ended it was estimated 1,000 demonstrators, all apparently students, and 200 police were involved.

The crowd smashed several police jeeps and trucks. The police used fire hoses in a vain attempt to break up the riot, then opened fire. A youth of 17 and an elderly man were killed. Trucks bearing troops moved toward the center of the city.

### VA To Require Vets To Prove Inability To Pay

Washington (AP) — The government yesterday moved to discourage veterans from seeking free hospital treatment for non-service-connected ailments when they can afford to pay.

The Veterans Administration announced that such veterans hereafter will be required to disclose their financial status.

The announcement followed considerable criticism by members of Congress and by the American Medical Assn. against the VA's free medical service to veterans whose ailments do not stem from their service in uniform.

Up to now, these veterans only had to state they couldn't pay in order to get free hospitalization.

Now they must give full details about their finances. The VA must still give them hospitalization even if they have a million dollars, but they leave themselves open to possible action for filing a false statement of inability to pay.

### Finé Proclaims Armistice Day

Harrisburg (AP) — Gov. John S. Fine has proclaimed Wednesday, Nov. 11 "Armistice Day" in Pennsylvania.

"I call upon all the citizens of the commonwealth to observe this memorable anniversary in their places of worship and with patriotic ceremonies in schools and other places of public assembly," he said.

He directed state officials to display the United States flag on all state buildings and urged residents of the state to display the flag from their homes and other suitable places on that day.

### Colonialism In Reverse U.S. Policy

New York, (AP) — Secretary of Defense Wilson said last night the United States now has a policy of "colonialism in reverse" under which it is spending a significant part of its time, money and other resources for other peoples in hope of promoting enduring world peace.

The Cabinet member and head of the military establishment outlined his views in an address to the Academy of Political Science. In it he said "many thoughtful people" believe another world conflict inevitable but I happen to think that the situation is not so hopeless."

"Our country now has a policy that might be called colonialism in reverse," he stated. "We are now using a significant part of our time, money and resources for the benefit of other peoples, all in the hope of contributing to peace and stability."

"This is certainly a new development in the history of the world and indicates that the people of our country are beginning to understand that sacrifices are necessary in some areas to promote and maintain world peace, even as much greater sacrifices are necessary to win a war."

"It should become increasingly clear to the peoples of the world that Americans have no desire to expand their area of influence in the pattern of the old colonial empires nor to gain for themselves by holding down the living standards of other peoples. The truth is, we Americans consider that our future progress to a large degree will depend upon the progress which other nations make at the same time."

### Girl Has Peculiar Sense Of Humor

Kitchener, Ont. (AP) — Police said yesterday a lot of innocent husbands are getting the silent treatment or worse in this area from indignant wives. A 13-year-old girl was held responsible.

Her game was picking names at random from the telephone book and on the phone telling a wife of an absent husband of a romance with him.

"Efforts will be made," police said, "to put the girl on a more normal course of behavior."

### French Pull Out Of Phyo Nho Quan

Hanoi, Indochina (AP) — The French high command yesterday pulled its troops from Phyo Nho Quan for the second time after failing to draw Vietnamese Division 320 from hideouts in the neighboring hills into a knockout battle.

The French and Vietnamese detachments moved 10 miles southward to a village called Laicac. They encountered no Vietnamese interference. They regrouped at Laicac to press further their 22-day-old offensive.

### Report Extravagance

Washington (AP) — Two House members back from an official inspection trip to Europe complained yesterday of waste and extravagance in military procurement. They also questioned the ability of Western Europe to withstand a Soviet attack.

### POWs Ignore Summons, Ask Time Limits

Panmunjom, Friday (AP) — Prisoner explanations for today were canceled when balky Chinese POWs reportedly objected to being called out of their compounds for a second day in a row and demanded time limits on steadily lengthening Red "come home" interviews.

Today's explanations scheduled began to go awry at 3:30 a.m. when the Reds suddenly demanded that Chinese prisoners left over from yesterday's incomplete interviews be produced for explanations.

Those not interviewed were put back in compounds with those who were interviewed and refused repatriation.

Long past the scheduled start of explanations no prisoners had been produced and an Indian spokesman said:

"It is difficult for us to provide Chinese POWs this morning since they are not separated."

Lt. Gen. K. S. Thimayya, Indian chairman of the Neutral Nations Repatriation Commission, conferred with the prisoners most of the morning, trying to get them to come before Red explanation teams.

There was no official reason for calling off the interviews today but there were reports that the prisoners objected to being called out a second time and demanded a time limit on the interviews.

The latest stalling tactic came amidst reports the Communists, embarrassed and frustrated by the futile explanations, were preparing to break off the explanation program.

The Reds were rebuffed yesterday by 134 of 136 Chinese prisoners interviewed in drawn-out sessions.

Swiss, Swedish and Indian observers expressed the view that the Reds, unable to swing great numbers of prisoners over to their side, planned a major protest that would result in halting the explanations altogether.

This opinion was set forth as South Korea announced it would be ready to begin next week trying to persuade its own 332 reluctant countrymen to quit the Red side.

### Two Held In Slaying

Seattle (AP) — The killing of a wealthy Alaska auto dealer in the far north entangled his attractive blonde widow and a drummer in a police web yesterday half a continent away from the scene of the crime.

Both Mrs. Diane Wells, 31-year-old mother, and Johnny Warren, former member of a club band in bustling Fairbanks, were charged with first degree murder in the death of Cecil Wells, 51, president of the Alaska Chamber of Commerce.

Mrs. Wells and the 33-year-old Warren had denied the charge, returned Tuesday night by an Alaska grand jury. Mrs. Wells was under arrest here, while Warren was being held at Oakland, Calif.

Wells who was killed Oct. 17 at Fairbanks, was a native of Litchfield, Bradford County, Pa., near the New York state border, where his father previously had a logging business. The elder Wells later moved to Spencer, N.Y., where the son attended high school.

Bond was set at \$5,000 in Fairbanks for Mrs. Wells, the fifth wife of the businessman who left an estate estimated at half a million dollars.

### Allentown Man Fatally Hurt

Lansdale, (AP) — Ray Ranello, about 20, of Allentown, was killed yesterday in an accident on the Bethlehem Pike about two miles north of here.

Ranello was in business with his truck load of canned tomatoes. Police Chief D. Howard Chapman of Montgomery Twp. said the accident occurred when Ranello attempted to pass an automobile driven by Florence B. Fitch, 60, of Philadelphia.

Ranello was a business with his father, Ernest R., as the Star Provisions Co., Allentown.

# Bids On Borough's Proposed Sewer Project Total \$271,055

## Figures Much Higher Than Early Estimate

Stroudsburg Council last night received bids on extension of sanitary sewers throughout the western portion of the borough, and for additions and rehabilitation of the treatment works which total \$271,055.10.

Bids for both the plant expansion and improvement and the installation of West Stroudsburg sewers are higher than estimates made when Stroudsburg appealed to Commonwealth of Pennsylvania for aid appropriation. The plant improvement and expansion bids were a great deal higher.

The state agreed and legislation was adopted to give the borough \$35,000 towards plant improvement because the State Teachers College here is using the plant and that usage almost exactly replaces the load represented by West Stroudsburg sewer additions. That allocation was based on a \$110,000 cost for plant additions and improvements.

Installation of sanitary sewer lines in the remaining unsewered portion of the borough—all the area west of Pocono Creek—would cost \$112,143.10, according to the low bid submitted by DePue, Diehl, Weissport, Pa.

Only other bid for sewer lines submitted was by Litts & Rake, local contractors, who quoted a price of \$117,199.82.

Lowest bid received for the additions to and rehabilitation of the sewage treatment works was \$158,912 from Tri-County Construction, Elkins Park, Pa.

This bid includes all the alternate additions, all of which may be ruled out, some or all of which may be included.

There were a total of 12 bids covering all of the additions and rehabilitation work at the treatment works.

Pending a study of the bids, the mass of alternates in equipment and rehabilitation to determine the final low bidder, advised contractors all bids will be held.

Once Albright & Friel, Philadelphia consulting engineers have studied the bids and filed a report with council, all bidders will be given a five-day notice of a council meeting for awarding a contract.

Engineer Edward C. Hess of the borough will check the bids on installation of West Stroudsburg sewers and report to council. Contract for this phase of the improvement will be made at the same time.

Representing Albright & Friel last night was John D. Gruss, one of the staff engineers of the firm.

Bernard Bush, district sanitary engineer and his assistant, John Yenchko, represented the Department of Health.

Once a contract is awarded, the borough faces the task of financing the project.

**Meat Industry To Be Denationalized**

London, (AP)—The British meat industry will be handed back to private traders next summer and the nation's 15 years of food rationing will end simultaneously.

Prime Minister Churchill's government announced this yesterday. It said also that price control and allocations of meat and bacon will be wiped away.

When rationing ends, meat traders will be able to resume their prewar business operations and the farmers will be given price guarantees, it said.

A soccer player, a cyclist, two children and two industrial workers were among patients treated in the General Hospital dispensary, East Stroudsburg, this week.

Soccer player Roy Everts, Truckville, Pa., student at East Stroudsburg State Teachers College, cut his lip in a game Wednesday.

Ronald Neipert, 20 E. Broad St., East Stroudsburg, fell from his bicycle and suffered bruised right wrist.

Two-year-old Jacqueline Curra, 1142 Greenway Ave., Stroudsburg, fell on a glass jar and suffered a cut left thumb.

Richard Gilliland, 2 Grandview Ave., East Stroudsburg, suffered cuts and abrasions of the right hand at Patterson-Kelley Co. plant when a heavy steel ring dropped on his hand.

Francis Litchman, East Stroudsburg RD 2, cut his right middle finger while working at Hughes Printing Co., East Stroudsburg.

Michael Chaplin, six-year-old son of Mr. and Mrs. Evan R. Chaplin, of 825 Scott St., Stroudsburg, suffered a fracture of his left arm while playing at Ramsey School grounds.

**Two Property Transfers Filed**

Two small properties have been transferred, according to deeds recorded yesterday at the Courthouse.

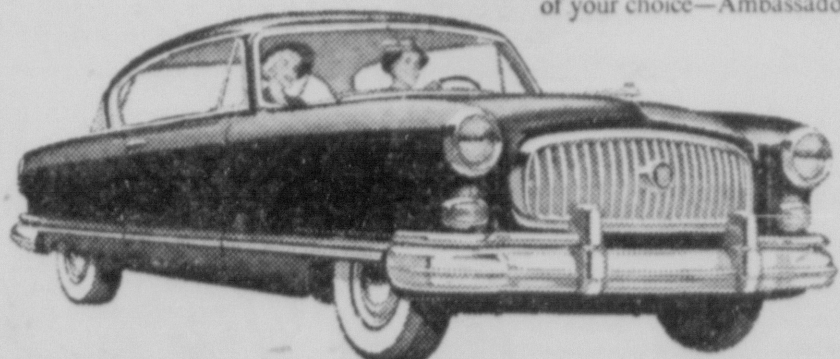

Sold to Max and Joseph Salinski of Philadelphia by Mr. and Mrs. James Schwartz, Wynote, Pa., was a Hamilton Township plot. Transferred to Mr. and Mrs. Leonard Houlose, East Stroudsburg, by Mr. and Mrs. John Telser, that borough, was a Smithfield Township property on the East Stroudsburg-Delaware Water Gap road.

## Rescue Squad Being Formed At Barrett

Barrett—A movement is under way in this township to form an ambulance rescue squad.

Joseph Murray, teacher in Barrett Township High School and advisor for the student's health and safety club which sparked the plan, reported last night a meeting was held early this week with various township groups participating.

The group decided to contact all clubs and organizations of the township asking for support of the plan and for representatives on a steering committee.

Tomorrow at 2:30 p.m. a demonstration model ambulance will be on display at the high school and for the following two weeks the ambulance will appear at various club meetings where members can inspect and receive demonstrations. It was announced.

Representatives of the American Legion, Volunteer Fire Co., POS of A. Rotary and Lions Clubs, and the school club attended.

## Deportation Of Parisi Ordered By U.S. Agency

Washington (AP)—Atty. Gen. Brownell said yesterday an immigration service officer has entered a deportation order against Gioacchino Parisi, described as a Hazleton, Pa. racketeer. He was born in Calabria, Italy.

Parisi, 54, was picked up for deportation earlier this year on a warrant, based upon convictions for violation of the federal narcotics act.

Described as a close associate of Albert Anastasia and Joe Adonis, Parisi has a long record of arrests involving narcotics violations dating back to 1926, according to the department. The record involves alleged offenses in New York City and various sections of Pennsylvania.

Parisi came to this country in 1920.

### Hunting License Suspensions

Three Monroe County men involved in the killing and possession of a deer out of season are the first in this region to face the possible consequences of the new law which provides for loss of hunting and trapping privileges for three years for illegal deer kills.

Several days ago we called attention to that penalty in this column and urged hunters of this region to stick to the letter of the law unless they wanted to risk their privileges of hunting and trapping for three years.

We said at that time that this new law is sound and one long needed in Pennsylvania.

It is worth repeating here—again as a warning to violators—that illegal kills of bear will mean the loss of hunting and trapping privileges for a period of FIVE years.

The efficient work of Game Protector John Doebeling and his deputies is to be commended in this instance, even though it will leave some hunters sadder and we hope—wiser.

### The Hazard of Service

A trooper of our famed State Police is dead and another one critically wounded as the aftermath of a gun battle in Beaver County in which the man they sought to arrest also fell dead in the fusillade of shots.

This brings again to the public attention the occupational hazard of our troopers, a point frequently lost sight of as we see them in their patrol cars, or with their horses and dogs at the training school, or guarding important figures at certain gatherings.

For ever since that splendid group of men was organized shortly after the turn of the century, many a trooper has fallen beneath the blazing guns of criminals, or been stabbed to death in efforts to bring a recalcitrant man to justice.

The list of men who have died heroic deaths in the service of our state is a long one, and their names are revered by everyone who recalls their selfless dedication to the commonwealth.

Many books and articles have been written of the Pennsylvania State Police, most of them laudatory, but some given to bitter denunciation of that great organization.

There are but a few men still serving on the force who recall the earlier and sometimes more rugged days of the outfit, when the horse was the normal mode of travel and the motor car secondary in transportation. But men who wore the uniform proudly in those earlier days met their deaths bravely then, just as did Private Floyd B. Clouse of Hollidaysburg, who died before the gunfire of a suspected madman.

All honor to Private Clouse and those others who, before him, sacrificed their lives for the honor of the State Police and of the state they so ably represent.

### The Once Over

—by H. I. Phillips

Fun Marches On  
The Stork Club now has a TV show sponsored by Chrysler.

This is the first admission that food and an auto are economic allies on the same level. It can be a prelude to a restaurant dinner on time payments, with an allowance on the old checkbook. . . . Groucho Marx is sponsored by the same company and this may be a test between Groucho and Billingsly in the matter of pulling power. . . . Groucho is now far ahead due to the fact it can mean trouble for a man to show up in a salesroom, especially in the South, with the remark "Sherman sent me."

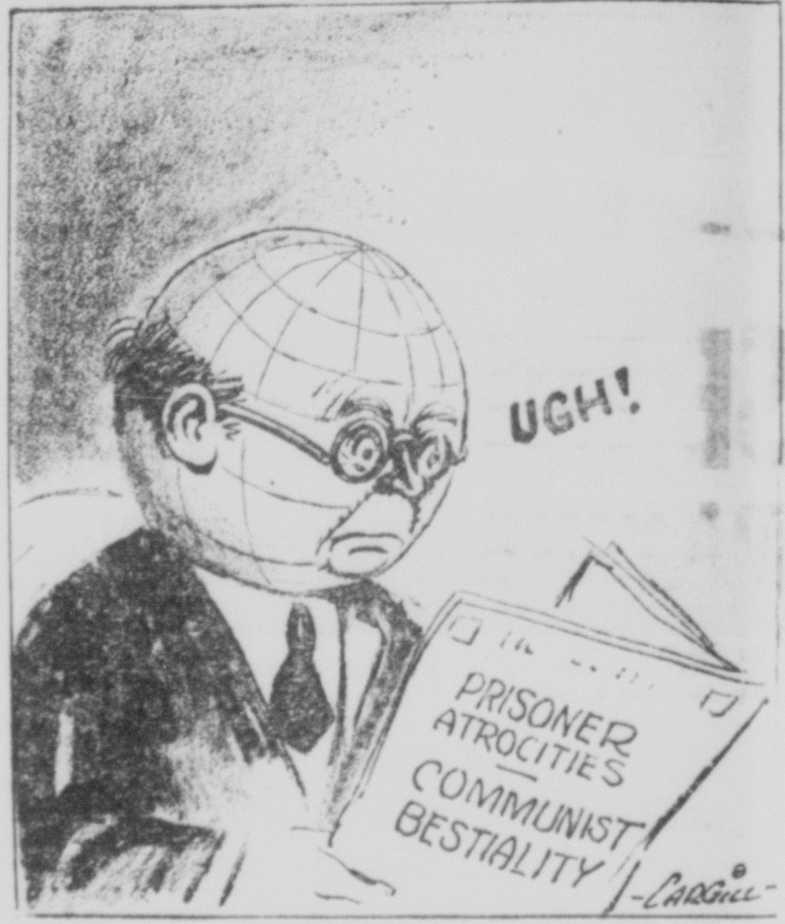

Use of the airwaves by the Stork Club for some years past has been one of the most interesting developments, both in showmanship and in eating. . . . When TV first came out people went to a saloon or cafe to see the picture. . . . Now they go to the picture to see the saloon. It's a novel twist. . . . It has been more than slightly amazing to tune into a restaurant telecast and see some of the world's most prominent people doing their eating and drinking as a "production number" over a national network. . . . We used to think the best people wanted privacy, reserve and dignity at their meals. . . . But we have discovered that they dine out with the same whoopla that marks a Jackie Gleason show, a five-alarm fire or a Kefauver TV inquiry.

Distinguished industrial leaders, top scientists, celebrated dowagers and noted debutantes offer themselves as a backdrop for a sort of glorified vaudeville show. It fascinates us. . . . There is always the chance Mr. Billingsly will leave the table occupied by the eight-guino polo man and the famous musical comedy comedian to introduce a quartette number by four justices of the Supreme Court, the American Bar Association or the Association of ex-Presidents of the United States. . . . Tieup between Billingsly and Chrysler can boost auto sales, and, what's more, boost eating. It even can introduce a nightclub where you can get the best seat by pressing a button on the dash.

Since Uncle Mittie began under that new sponsor we hear that you can now get a Buick that

ad lib. . . . A druggist awarded the program concession at the Yonkers race track in New York was "allotted" four partners by George Morton Levy, none of whom lifted a finger in the operation but split a profit of more than \$300,000 since 1947. . . . This shows that the proprietor, like the customers in a drugstore, can find most anything he wants these days. . . . New York police are using a "drunkometer," a balloon into which a subject breathes, to test auto drivers suspected of being more or less "high." . . . Saw a fellow take the test after three of those current extra-dry martinis the other night. . . . When he blew into the balloon the balloon became disorderly and tried to lick everybody in the joint. . . . Overheard at the movie "Gilbert and Sullivan": "These boys show the wonderful chance you get in Hollywood if you have promise." . . . A horse called "Darling Wife" won a race at \$37 the other day and thousands of husbands are still having trouble explaining to their wives why they ignored it. . . . Hollywood is after Colonel Charles Lindbergh's "Spirit of St. Louis," which may bring close to a million, but we shudder at the thought of what the movie folks will do about a man to play "Slim." . . . He is a stand-out type hard to duplicate and all we can hope is that Hollywood will not cast somebody as much like the Lone Eagle as Martha Raye is like Florence Nightingale. . . . "Red" Barber who, after 15 years with "Dem Bums," will join the Yankee outfit next season, is a Gainesville, Florida, boy, who made good in the city catbird seat. . . . Made his first radio broadcast as a student at the University of Florida when he was called in to read a paper entitled "Aspects of Bovine Obstetrics." . . . (Birth of calves, to you.) . . . The Brooklyn management seems to be having the same trouble as its pitchers; it walks too many people. . . . Mr. Malik, Russian leader at U. N. sessions, dismisses as false all those U. S. Army photographs of Communist atrocities in Korea. . . . This is the first time the camera has been declared a purely capitalist device. . . . A strike of Metropolitan Opera musicians has been avoided, much to the relief of men who hate to stand on their heads in the lobby and women who won't smoke cigars in the cafe without musical accompaniment. . . . Charles Boyer and Mary Martin in "Kind Sir" represent a merger of "South Pacific" and "All Points of the Compass" in Paris.

## SICK WORLD

Robert S. Allen Reports

### National Debt Limit Must Be Increased Next Year

Washington—President Eisenhower and his fiscal advisers have come to the reluctant conclusion that there is no way out on the problem of the national debt limit.

It will definitely have to be increased next year.

That is their decision after weeks of detailed study and discussion.

As a result, the President will again put this issue up to Congress when it reconvenes in January. He will urge prompt action to relieve the government of an increasingly awkward financial situation.

Still undetermined is the extent of the raise that will be sought.

It will depend in a large measure on estimates now being compiled on potential federal income and expenditures in the next several years.

Last July, when the President, in the closing days of the session, first asked Congress to boost the debt limit, he recommended a new ceiling of \$290,000,000—an increase of \$15,000,000,000. His inner council is now divided on the amount needed.

Some are proposing only a \$1,000,000,000 raise on the ground that the smaller the figure, the more likely will be congressional approval. But other advisers warn against that, contending it is begging future trouble.

They hold the government's fiscal outlook is too uncertain to risk a tight debt margin; also that it would be highly embarrassing to the Administration to have to ask for a second increase.

Several of these advisers are going so far as to favor seeking a \$300,000,000,000 limit.

Authority for this inside information is W. Randolph Burgess, deputy to the Secretary of the Treasury and directly in charge of the management of the huge national debt.

The New York banker disclosed the Administration's plan during a talk with a group of financial experts.

He told them that by next month the Treasury will come within \$300,000,000 of exhausting the present \$275,000,000 debt limit, and that in the next twelve months the Treasury is confronted with the immense task of refinancing more than \$70,000,000,000 in expiring government securities.

"We have no alternative but to ask for an increase in the debt limit," said Burgess. "That's why the request was made last summer, but Congress wouldn't have it; so we will have to go over the old ground all out. It would have been all out of the way now if the President's recommendation had been heeded months ago."

Under fire—The tax-dodging trial of California's beefy lobbyist "Artie" Samish is making sensational headlines on the West Coast.

One bombshell that rocked the San Francisco courtroom was testimony by Milton Blow, head of a big New York advertising firm, that Samish had manipulated him in the foyer of a Fifth Avenue office building. According to Blow, the hulking lobbyist became enraged because another member of the company had given information to Internal Revenue agents.

"Samish grabbed hold of me," Blow told the crowded courtroom. "I pushed me against the revolving door in the foyer, shoved my arm against his throat and said, 'If I had you in my office, I'd kill you. That little—in your office is trying to put me in jail.'"

The government is charging Samish evaded payment of \$71,875 in income taxes for himself and his wife from 1946 to 1951. On the basis of sworn testimony so far presented, his income for those years totaled more than \$500,000. His "public relations" clients included leading distillers, brewers, an international airline and big truckers' association.

U. S. Attorney Lloyd Burke is personally trying the case, his first big one since taking office last spring. Defending Samish is Harold Faulkner, leading San Francisco lawyer who was an aspirant for Burke's job.

Flashes—Dr. Milton Eisenhower's report on his tour of South America will soon be made public by the White House. The President's brother will recommend loans to the Latin countries to develop their natural resources and transportation facilities. . . . Both U. S. and British Intelligence authorities are convinced that former secret police chief Beria is still in Russia and will be tried at a big propaganda show. . . . Latest country to be wooed economically by the Reds is Egypt. It's being done by having satellite East Germany establish a trade mission in Cairo.

George Sokolsky Says . . .

### Clark's Retirement Highlights Fact His Vast Experience Should Be Available

Again a great American general, of the widest experience in Europe, Africa and Asia, Mark Clark, leaves the service of the American people. He takes a job at The Citadel, in Charleston, South Carolina. The Citadel is a state military college of distinction, but Mark Clark should not be there at a time like this. He belongs in the Pentagon, which needs his knowledge and experience.

Such men as General Douglas MacArthur, General Albert C. Wedemeyer, General Mark Clark are hard to find. Each one of these men left the service because he talked out of turn. Each one said what he believed to be right. Result: MacArthur is selling electric razors; Wedemeyer is selling farm machinery; Clark is running a school for boys. Curiously, each one, by the course of events, has turned out to have been right.

The last episode in Clark's story was Korea. He, like MacArthur, Ridgway and Van Fleet, felt that he could have won that war and said so. Each was stopped from winning the war by superior authorities in the Pentagon. So we lost that war, the first one that we have lost in our history. General Mark Clark signed the truce agreement. It was like signing a capitulation. No man prides that on his record, particularly as he knew what to do to turn that war into a

victory. So Clark got out at the age of 57, after having been in the service 40 years, counting his tour at West Point.

The loss is America's. These men are highly skilled, tacitly trained. The pity of it is that too many men who rise to the very top are forced out of service. Those who are routine-watchers stay in by seniority. Those who never stick their necks out, never have them chopped off.

Wedemeyer, for instance, held positions during World War II which involved thorough knowledge and profound thought. He planned the details of the invasion of Europe. He took over the China campaign after General George Marshall and General Joseph Stilwell had made a mess of it. But he wrote the Wedemeyer Report, which, while sound, was political dynamite. Its publication, when presented to President Truman on September 9, 1947, would have wrecked the reputations of General Marshall and Secretary of State Dean Acheson.

That was not General Wedemeyer's intention, but the consequences were inherent in the truth and therefore in his report. So, they suppressed the report until August, 1949 and Wedemeyer went into the Avco Manufacturing Corporation. His training, his experience, his knowledge is at the service of Crosley radios, not of the people of the United States.

Mark Clark has had the same experience. He has been openly critical of policies which, as a soldier, he had to carry out. A man of his intelligence does not enjoy being a robot, particularly when he knows what can and

should be done. The effect of these retirements and many others has been a lowering of the morale in all the services. Men have reached the conclusion that experience does not count.

After every war, the military force has to be reduced and a large number of officers have to be retired. Also the younger men must be moved up so that they can gain the experience necessary for service in the next war.

While peace is desirable, a military establishment must always live in the prospect of war. Otherwise, it would become inefficient. Our military establishments have, in fact, suffered from a general unwillingness of the public and Congress to recognize that their function in peace is to keep ready for war.

This involves a further principle, namely, that the next war is never fought as the past ones were. World War I introduced the submarine, the airplane and the tank; World War II introduced the atom bomb, radar and the guided missile. Already what ever was introduced in World War II is obsolete. We and the enemy have moved far beyond anything known then. Fresh minds are required to acquaint themselves with and to develop the new weapons and the new concepts of war.

But that does not mean that we can afford to cast aside the finest intellects developed in the last war. MacArthur's genius, Wedemeyer's wisdom, and Clark's experience ought always to be available. To cast such men aside is a prodigal expenditure of valuable personnel.

### You're Telling Me

—by William Ritt

Two new asteroids have been discovered by University of Argentina astronomers, we read. They have been named "Shirtless" and "Fantastic." "Shirtless," we imagine, must have been named in honor of the average horse player.

Doing a favor may be difficult, but it isn't as hard as keeping from talking about it afterward.

What we never can fathom is how come that innocent little weather-forecasting caterpillar ever got the name of "wooly bear."

Fourth grade pupils in Paterson, N. J., according to an item, are being taught proper English via telephone. From now we'll just have to consider "ain't," "gonna" and the like as just wrong numbers.

In a contest sponsored by a radio station the winner dished 83 pancakes. What's this, a new kind of "breakfast" program?

In Manitoba, Canada, bears unable to hibernate because of unseasonable warm weather, are spending their time raiding farms and chewing up the livestock. This is one problem that only a rousing blizzard or two can solve.

A new dance which has become the rage among British teenagers is called "the creep." Sounds pretty infantile.

## On Broadway

—by Walter Winchell

Broadway  
Charles Lindbergh's book, "The Spirit of St. Louis," will probably become a Samuel Goldwyn epic via Columbia Pictures. The flatter to receive at least \$1,000,000. . . . One of Frank Costello's first visits (since his return from Federal

jail) was to his tailor. Ten suits at \$200 each. . . . Didn't movie star Dea Mallory become Mrs. Jack Heintz (the pickle millionaire) two months ago? . . . The report persists Piper Laurie is about to get David (McCarthy Comm.) Schine's ring. . . . David Garraway's "shiner" (which he told reporters came from a cab's sudden stop) might have come from a thrown highball glass at a Halloween party. The tech that adds that model Nancy Berg's swollen jaw cost her \$1,000 in cancelled photo assignments from the same incident. . . . Julius La Rosa quietly walked into Godfrey's office and apologized for the "unfortunate turn of events." Regretting an embarrassment caused One & All.

That election of Robert Wagner for Mayor of New York was foretold by the Daily News Straw Poll, which has been wrong only twice in 20 times. . . . The paper predicted from the start that the Democrat would easily win. . . . But it came out the Republican Riegelman. . . . In fact, not one paper was for the winner.

Grace Kelly's handsome brother George will wed Mary Freeman, the swimming champ. . . . A British actor is begging for the local battle if he doesn't quit biting his lady friends. . . . Coasters report Nora Edgington (ex-Mrs. E. Flynn and ex-Mrs. Dick Haymes) is serious about Huntz Hall, one of the original Dead End Kids. . . . Playwrights Arthur Kober and Arthur Laurents are Anita (Blue Angel) Ellis' leading beaux. They did the White Orchid bid opening night. . . . The Cuban Musicians' Union forced the cancellation of the Betty Grable-Harry James engagement in Havana. Retaliation for banning Cuban toasters here. . . . Kid Gavilan's brother was slugged in a midtown ballroom by a group of locals. . . . Pat (Jelke Case) Ward auditioned for an agent yesterday. The only song she knew was "Love For Sale." . . . Sherman Billingsly sighed with relief when Candidate for Mayor Hailey came in last. Hailey has been persona non grata at the Stork Club for 2 years.

Last Sunday night the American Broadcasting Company's news-desk submitted a two-liner (off the ticker) for our broadcast. It dealt with Pitcher Bobby Shantz and First Baseman Ed Robinson of the Philadelphia Athletics going to Baltimore. . . . The next day's N. Y. Journal-American carried a denial. "There's nothing to it, nothing at all. Winchell reported the pair would be traded to the Baltimore Orioles." The N. Y. Post (under the heading: "Another Winchell Wrong") reported the same denial, noting the report originated in a Winchell broadcast. Both newspapers disowned the denial from Philadelphia as reported by the Associated Press.

Our source (via the ticker) was the same AP!

Their Yule "gift suggestions" include: "For Mom: a scale-lined reversible polo coat from Maximilian; \$15,000, tax included."

W. W. Chaplin, SEC newsmen, was assigned to set up a radio-television coverage of Gov. Dewey's special session of the N. Y. State Legislature in the Governor's attempt to remove Lieut.-Gov. Wicks from office. . . . The sessions are scheduled to start on the 17th. . . . Lieut.-Gov. Wicks enmeshed the Governor by visiting a convict (labor leader Joe Fay) at Sing Sing Prison. . . . The reporter first called Dewey's office. He was told to check with the Secretary of the Senate. . . . At that office he was informed the only person who could set up such arrangements was the president, pro-tem, of the N. Y. Senate. . . . That man is Wicks!

## Violinist Wins \$3,472 Damages

London (AP)—A 42-year-old woman violinist was awarded \$3,472 damages yesterday for an injured finger, Miss Julie Saumarez, described as having been a child prodigy, fell downstairs and fractured the thumb and middle finger of her left hand.

She sued county medical authorities on the ground a doctor at a nationalized hospital in Kent was negligent. He failed to diagnose the injury correctly, she said, and her finger now is permanently crooked, affecting her ability as a violinist.

## Mark Waer, Paul Hedegard Buy Shane Stationery Store

By James G. Gaffney

A change in ownership of Shane's Stationery Store, 526 Main St., Stroudsburg, occurred this week.

Mark Waer, of Mount Bethel, and Paul Hedegard, Easton Rd. 1, are the new owners. The business was operated by Mr. and Mrs. Joseph Shane for three years.

James B. Gaffney

in Stroudsburg and prior to that, for four years in East Stroudsburg. Waer and Hedegard disclosed yesterday the store's name will be Monroe Office Supplies. They will expand their stock of office material and concentrate on the gift department which already carries top quality merchandise. Both their wives will assist in the operation. Also a specialty is the full line of greeting cards, including Hallmark and Norcross.

The partners formerly operated Waer Bus Co. with franchise in the Slate Belt and Easton. They sold their interests in 1947 but continued working for the firm. Hedegard will devote full time to the local store next to the Sherman Theater. Waer will continue his work with the bus lines.

Dr. C. H. Snowden, 731 Main St., informs this corner he is enthusiastic about the new tubeless Zenith "Royal-T" 3-transistor hearing aids which have just been introduced.

The Zenith produce is a completely tubeless instrument which operates for a month on a simple small dry battery available in many stores throughout the area.

The instrument has been accepted by the Council on Physical Medicine and Rehabilitation of the American Medical Association according to Dr. Snowden.

First portion of a two-year program for life underwriters in the Bangor-Stroudsburg area is under way in East Stroudsburg Junior High School.

Classes under the tutelage of Jack H. Lantz, Stroudsburg began last Friday and continue each Friday from 2 to 4:30 for 26 weeks.

Seventeen life insurance agents are attending the present training council which is sponsored by the National Association of Life Underwriters. Douglas Jones, manager of the Stroudsburg office Prudential Life Insurance Co., arranged the program.

First of eight new homes to be constructed by Excel Home Construction Corp. will be open for the public's inspection in Mount Pocono tomorrow.

Officers of the corporation, Dr. Walter Snyder and George Wendley, both of Mount Pocono, have announced this first home, on Kin-

ney Ave., just west of Belmont Ave. (Main St.) will be open from 1 to 9 p.m. tomorrow and Sunday and from 7 to 9 p.m. Monday through Friday.

A product of National Home Corp., Lafayette, Ind. the home scheduled for public view is the 51,788th of the pre-fabricated buildings by National.

Dr. Snyder and Wendley have announced the homes they will erect here are acceptable under the Federal Housing Administration's program and range in size from two to four bedrooms. This first building has three bedrooms. The corporation holds the exclusive franchise for National Homes, according to Dr. Snyder, and homes may be built on any property in the region.

## Swiss Sentence Roessler For Spying On West

Lucern, Switzerland (AP) — Rudolf Roessler, recognized by East and West as one of the world's best secret agents, was sentenced yesterday to a year in prison. Roessler smiled bitterly.

The counter-espionage services of a half dozen nations probably would give much to know what lay behind that smile. The sources of his information remain as much a mystery today as they were in World War Two, when he provided Russia with an almost daily report on the German order of battle.

"After the war, he turned his attention to Western defense measures. During the past six years, he admitted in court, he had sent about 100 of his intricately detailed reports to the intelligence service of Communist Czechoslovakia.

## Girl Scouts For World Friendship

Girl Scout members of the Juliette Lowe Committee for World Friendship held their first meeting yesterday afternoon at the Girl Scout House on Sarah St. Mrs. Sarah Bard, Juliette Lowe chairman, explained the duties and responsibilities of representatives.

The committee, she explained is part of international scouting designed to promote friendship among Girl Scouts and Girl Guides wherever they may be in any part of the world. They also discussed ways and means of building World Friendship Funds within their own troops.

Gwendolyn Scheibel was elected chairman of the committee and Diane St. Bonnet was elected secretary.

The meeting closed with the International Friendship ceremonial closing, and each representative received an international friendship gift.

Attending were Sally Price and Sylvia Smith of Troop 38; Diane St. Bonnet and Gwendolyn Scheibel of Troop 12; Dana Witcraft and Charlotte Sittig of Troop 2, Shawnee; and Mary Sittig and Barbara Gordon of the Shawnee Brownsies.

## Local Lodge Hears Of Future, Past Conventions

The local Sons and Daughters of Liberty plan to attend the Tri-County Booster Association meeting to be held this Saturday night in the POS of A Hall at 17th and Washington Sts., Easton. Mary Kunkle, president; Kathryn Counterman, secretary of the local council; and Mrs. Elsie Counterman district president, will attend as the following delegates: Elizabeth Strohl, Ruth Warnick, Blanche Shaffer, Kenneth Adams, Flora Garis, Marian Teleski, Flossie Snyder, Minnie Arnts and Mary McGinnes.

The delegates were appointed at the meeting held this week. Kathryn Counterman, alternate to the state convention reported on the convention which featured three members from Wilkes-Barre who gave their interpretation of South Pacific. Three Monroe County delegates out of the four attending received prizes she said. Miss Counterman took part in the cross for the memorial for members who had died during the year. Other delegates from the Monroe Council No. 131, were Mary Kunkle, national representative, and Elsie Counterman and Elizabeth Strohl.

The next regular meeting of Monroe Council will be held on Tuesday, November 17. Emma Dailley and Doris Cramer will entertain the past officers club after the meeting.

## St. Matthews Parents Monday

The Parents Association of St. Matthews School will meet on Monday night at 8 in the school auditorium. Dr. Francis B. McGarry will have charge of the program which will feature a film on "Child Problems."

Refreshments will be served by Mrs. John McLaughlin and her committee of mothers.

## Just Between Us

—By Bobby Westbrook

Sort of comforting as the cold begins to strengthen to think of those tulip bulbs that the Garden Club is giving for planting at one of the schools. Reminds you that nothing lasts forever, not even winter.

Which doesn't mean that we don't have a busy winter ahead. And keeping warm at the football game tonight promises to be a full-time endeavor in itself. Actually, I suppose, you get sort of a Spartan enjoyment out of your own hardihood.

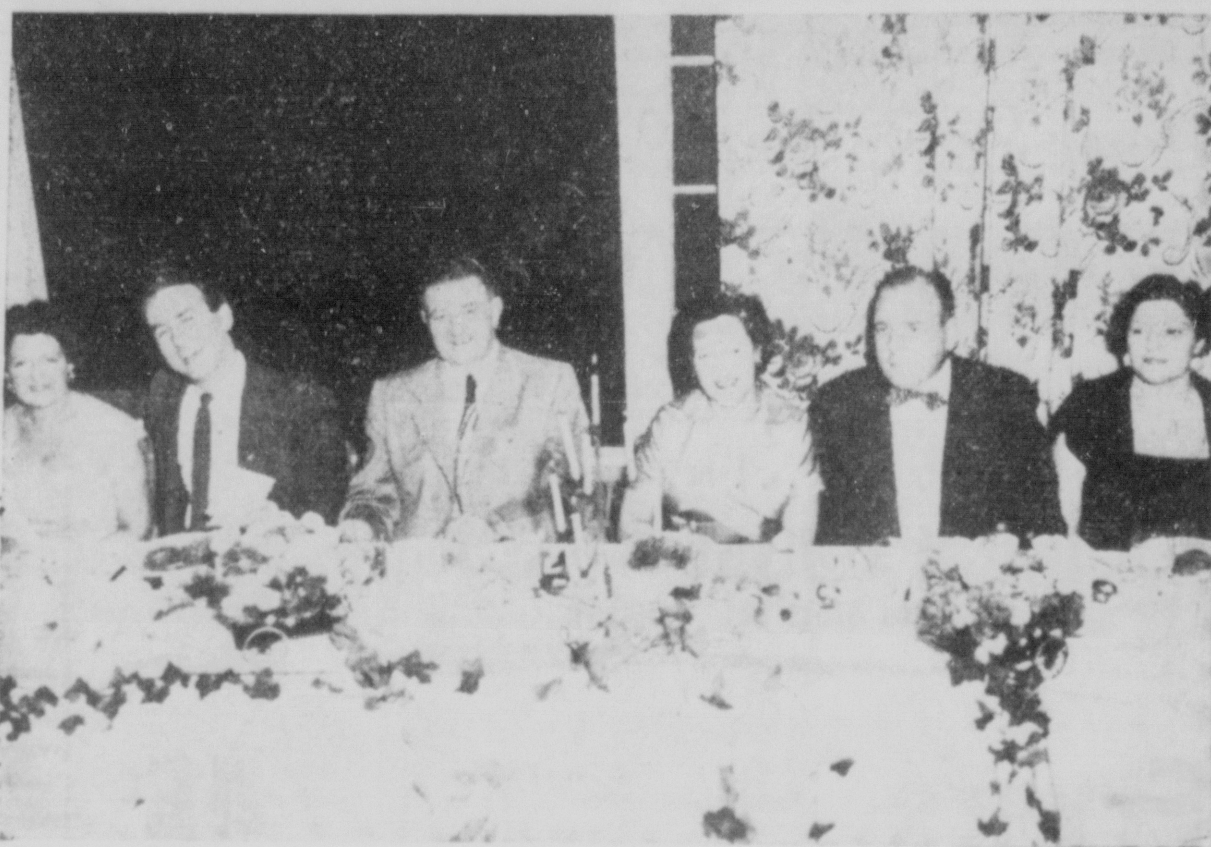

However, this next week, everybody connected with the Junior Womens Club Follies is going to have a chance to exhibit "The Show Must Go On" spirit as rehearsals are speeding up.

By coincidence, the Portland Woman's Club is sponsoring a musical comedy with local talent those same two nights, so loyal supporters of both communities will be making like New York theatre critics for two nights next week.

But next week can take care of itself. Today is the day for hunting out the long underwear.

## Garden Club Gives Tulips For Planting

At the meeting of the executive board of the Monroe County Garden Club yesterday afternoon at the home of Mrs. Harold Lanterman, Green St., East Stroudsburg, a donation of 250 tulip bulbs was presented to the Stroudsburg High School Spring Planting Exhibit of tulips around the semi-circular drive in front of the building on Main Street. A section will be tagged as donated by the Garden Club. The bulbs are being planted by students under the supervision of Thomas Knepp of the science department.

Mrs. Elwood Grant, president, also named the chairman for the annual November luncheon which will be held at the Stroudsburg Methodist Church and served by the women of the Cherry Valley Methodist Church on November 19 promptly at noon.

Mrs. Irving Kiffin is general chairman, Mrs. A. H. Mathieson in charge of corsages and Mrs. Eli Travis, Mrs. W. R. Stanard and Mrs. Paul Fetherman, decorations; Mrs. Edward Knob and Mrs. William Hannas, reservations.

Invitations to Garden Club members to out of town events include the Philadelphia Orchid Show on November 15 and 16 at the Girard Trust Corn Exchange Bank; the annual Christmas party and presidents' luncheon of the Eastern region to be held at Stroudsburg and Clifton, on December 4; a roadside conference of the Penna. Roadside Council, at the University Club, Pittsburgh on November 12.

Mrs. Louis Hansbach of 1201 West Main Street was accepted as a new active member, sponsored by Mrs. Virginia Irwin; and the resignations of Mrs. M. Howard Williams, a former president who now lives in Tampa, Florida; and of Mrs. Earl Willhoite, Mrs. Joseph Shane, Mrs. George Rung, Mrs. Peter Berg, Mrs. Mark Arnold and Mrs. William Thomas were accepted.

## St. Mary's Guild Card Party, Meeting Held

There were about 20 tables of players at the annual bridge luncheon held by St. Mary's Guild of the Christ Episcopal Church held at the parish house yesterday afternoon. Mrs. Thomas Shoemaker and Mrs. George Shafer were co-chairmen of the affair.

The November meeting of the guild was held on Tuesday afternoon with the president, Mrs. William Angle, presiding, and Mrs. E. H. Calkins leading the devotions in the Chapel of the Holy Innocents.

Mrs. Helen MacNamee and Miss Lillian MacNamee were welcomed as new members. Mrs. Calkins was named chairman of the nominating committee which also includes Miss Lucie Girard and Mrs. Robert M. Howard. They will report at the December meeting.

Mrs. Philip Brundage, supply chairman, announced that the missionary assignment for the season would be girls' slips for an Indian Mission in the West.

During the business meeting, the guild decided to purchase a red satin pulpit fall, and to present it to the church in memory of Miss Almee V. Girard.

The rector, Rev. Thomas Shoemaker, announced that an associate vestry will be formed to meet with the regular vestry every three months.

The Christmas meeting of the guild will be held at the home of Mrs. Joseph Noonan at State Teachers College on December 1. Refreshments were served by Mrs. Philip Brundage, Mrs. J. Ferguson Harris and Mrs. Myrtle Bennett.

About half of all working Americans produce and sell things generally unheard of 50 years ago.

## Political Parties To Be Compared

A comparison of the basic principles, and basic ideals of the Republican and Democratic Parties will be presented at the meeting of the Stroudsburg Woman's Club on Monday afternoon at 2:15 at the Stroud Community House.

The subject will be "Let's Look At Our Political Parties" by two local attorneys. It will not be a debate but Axington W. Williams will present the Republican and Harold C. Edwards the Democratic background. They will be limited to ten minutes for their presentation with another seven minutes allotted for questions from the floor. Mrs. W. H. Caulfield has suggested that members come prepared with questions.

Mrs. Claude Leister, program chairman, is in charge of the program, and Miss Miriam Lark, Mrs. Claude Cramer and Mrs. Ida Kunkle are co-chairmen of the hostess committee. Other hostesses include Mrs. Henry Tucker, Mrs. Florence Scholla, Mrs. Clifford Heller and Mrs. Elsie Stanford.

## PTA Officers Plan Open House

Delaware Water Gap—The officers of the Delaware Water Gap Parent Teachers Association planned an open house at the school on November 16. The public will be invited to see the pupils in classroom work and to inspect the building. Refreshments will be served.

Plans were discussed at an executive meeting held at the home of Mrs. Harold Lightner, secretary. Other officers are Mrs. Fred Shoemaker, president; Mrs. Charles Dutt, vice president; and Mrs. Delbert Davis, treasurer.

## West End Aux. Gives \$750 For Firehouse

Brookheadsville — The Ladies Auxiliary of the West End Fire Company, Brookheadsville, turned over their gift of \$750 to the fire company to be paid on the debt of the firehouse at an auxiliary meeting held on October 27.

During the business meeting, it was reported that the auxiliary had made a profit of \$319 on the last penny supper, and plans for another penny supper on November 21 were completed. The members will also serve refreshments at the meeting of the Monroe County Farm Extension group on November 12, and a public card party will be held Saturday, December 5.

The president appointed a committee to purchase new kitchen equipment and plans were made to sponsor a demonstration program by the Pennsylvania Power and Light Company on November 19 at 8 o'clock. An auction sale of baked goods and humorous hats will follow the demonstration. Members are asked to decorate hats and to bring them to be sold. Refreshments will be served and the public is invited.

Tonga, an island in the south Pacific, is the only debt-free kingdom in the world. There are no factories, mines, public utilities or newspapers.

Mardee Wyckoff "dresses up" a sandy toned miracle fabric dress with a leopard belt, and it's stunning... Which reminds me that today marks the second visit of Wells-Treister representatives to Wyckoff's. Wells-Treister furs are everything you dream of when you picture yourself as you'd like to look. They are elegant. They are exciting. They are approved by Good Housekeeping. And they're far more reasonably priced than you'd ever believe. As Gracie Allen might say, "Some people buy furs and some buy fur coats, but good gracious, George, who wants to wear a fur coat?"... Cards and letters from Mr. and Mrs. Ernest H. Wyckoff report that their trip abroad has been a most delightful one. Mrs. Wyckoff writes of the tiny Swiss villages nestled in snow covered mountains, and of the contrasting scenes when one travels southward and finds flowers in full bloom, and oranges ripening on the trees. I imagine that Main Street, Stroudsburg, will be a welcome sight, however, even though the canals of Venice are somewhat more peaceful and romantic... A cute-as-a-button gift for a very little girl is the plastic cylinder containing two cakes of soap—one a cowboy, the other an Indian—and a pair of puckered scruffs to wear after the bath. Also at \$1 is a Jubilee Bath Box containing sponge, bubble bath, soap, plastic cup, comb and tooth brush. Both of these packages are by Tre-Jur—gifts she'll treasure for the child you treasure... A letter arrives from Kathleen Spencer Cory of Coty's publicity department, expressing appreciation for the mention of Coty's cream powder compact in the column of September 22nd. This new compact is proving to be one of the most popular items in the Coty line, Mrs. Cory says, and all who have used it will understand why. I'm also told that the entire line of Coty Christmas gifts is fabulous—and we'll carry almost all of them at Wyckoff's. Incidentally, Ann Putnam of our cosmetic department, tells me that the Coty envelope compact is one of the most popular we've ever sold. It is a perfect size and weight for either purse or evening bag, and is fashioned of gilt mesh with plain gold trim. There's a large mirror too, and if you're a Coty user, you'll admire the face that smiles back at you!... A map is a beautiful thing—and I'm not referring to faces either, but to an honest-to-goodness map of this wonderful America. Everyone was greatly interested yesterday in a large plastic map, forty by sixty inches in size, displayed in our stationery department. Third dimensional, this "physical map" as it is correctly called, has raised mountains and handsome coloring that shows accurately all altitudes encountered from one end of the country to the other. I understand this is to be a gift to the Hamilton Township school of which Henry Fenner is principal. Anytime the students fail to appreciate it, just pass it along, Mr. Fenner—it would look wonderful on a library wall!... Requests continue to arrive for Scrabble, and I'm told that it's available through the Sears catalogue, but that it's practically nonexistent otherwise. The manufacture of Scrabble began on a small scale, and the game took everyone by storm. As a result, scrambling for Scrabble is a new national pastime, with requests coming in from New York, Philadelphia and points west. As one woman said, "I never knew there were so many words until I started playing Scrabble." This her husband denies. "She knew it all right. She's been using 'em fifty some years. She just never had to spell 'em before."

Committees named to arrange for the event include George Hauser, for the elders; Francis Drake, Sunday School; H. J. LaBar, trustees; Elam Gray, choir; Mrs. Kathryn Hauser, Women's Auxiliary and Miss Vera Storm, Youth Fellowship.

Rev. Luther Markim, pastor, was appointed to confer with the Methodist Church on plans for the annual union Thanksgiving Day service.

A covered dish supper preceded with elders and their wives present. Elders attending were George Hauser, Elam Gray, Joseph Hauser, Francis Drake, Joseph Hauser and John Bedford.

## 79-Year-Old Hunter Lost For 18 Hours

Meadville (AP)—George W. Berkenheiser, 79, lost in the woods for over 18 hours, strolled into the nearby hamlet of Stewart's Corners yesterday none the worse for the ordeal.

Berkenheiser became lost Wednesday afternoon in the tangled woods and swamps about 14 miles west of Meadville. He was hunting with two other men and his nephew.

The retired machinist from Pittsburgh said he slept in a tree after darkness overtook him. Temperatures in the area dipped to near freezing during the night. It also snowed.

More than 75 policemen and volunteer firemen combed the woods after he failed to meet his companions. Berkenheiser said he walked until he came to some railroad tracks. He then followed the right-of-way to Stewart's Corners.

Said Berkenheiser: "I'm fit as a fiddle. I'll be back in the woods again tomorrow. That's if my wife will let me. If I go back to Pittsburgh she'll never let me do it again."

## Auditor Race In Portland Ends In Tie

Portland—Dr. Howard Ott gained the chief Burgess post here Tuesday without opposition and a tie exists for the auditorship, unofficial returns show.

With 188 persons voting, the tie found Helen Shumaker and Ruth Beseker locked with the same vote total.

Olin Cramer and Raymond Scott won the backing of both major parties to gain school board seats. Gladys Carpenter had no opposition for reelection as tax collector.

Also reelected were William Brodt, William Cowell and James Weidman Jr., council; Fred Gardner, judge of election. Inspectors of election named are Edith Mae Emery and Lottie Gardner.

## Memory Expert To Give Program

East Stroudsburg students will have a chance to test their memories Monday afternoon in the junior high auditorium.

Freda Barlow, well known "memory expert," psychologist and anthropologist, will present a full-length program titled "Master Your Memory" for students of both high school and junior high.

Shook as "A Good Girl Looking For A Good Man," Betsy Park and Alberta Yutz, a medley of tunes by Robert Altomose and Beulah McConnell, James Sheeley and Ruth Walz doing a comedy skit complete with song, dance and patter.

## Rehearsals In Progress For Woman's Club Production

Preliminary rehearsals for the "Follies of '53" are now nearing completion, according to Stroudsburg Junior Woman's Club spokesmen. The "Follies" will be presented two nights—Nov. 12 and 13—in Stroudsburg High School auditorium under sponsorship of the women's organization.

Director Wendell Wold has set up rehearsal headquarters at the VFW home after that organization turned over its meeting room for use by the "Follies" rehearsal groups. Proceeds from the entertainment will benefit the YMCA building fund. Included in the cast are several well-known local soloists. Among those making reappearances before local audiences will be Shimer Kubic singing "That Great Come and Get It Day", Edna

# Life of Riley

By JIM RILEY  
Sports Editor

Stroudsburg High School's football team in definitely on the spot—the spot that sets up an object to be shot at. The Mountaineers are currently tied for first place in the Lehigh Valley League with Northampton. It's a strange place for Stroudsburg, but one that is quite familiar to the Konkrete Kids. The remainder of the league would like nothing better than to knock either Stroudsburg or Northampton or both out of the number one position. Tonight Slatington gets its chance to upset the appparent, while Stroudsburg faces the fact that it has to win this "must" game.

Next Saturday's scheduled clash between the Mountaineers and Northampton will take care of itself. There's no doubt this game will be for the championship. But, tonight's contest is even more important to Stroudsburg than is the clash with Northampton. If the charges of Coach Jerry Stulgaitis should topple Slatington tonight, the club is definitely in the title fight the following weekend. But, should Slatington come back to "upset" the Mountaineers, Stroudsburg's dream of a Lehigh Valley League football crown is shot.

Both Northampton and Whitehall have passed the big contests, with the exception of the Stroudsburg-Northampton battle next Saturday. Slatington, although defeated twice in league competition and three times through the entire season, is one of the strongest teams in the Lehigh Valley League. The Slaters are big and powerful and can move the ball on the ground and in the air. Maurice Schleicher is one of the top scorers in the area and has plenty of help from at least three other backs.

Big teams are always dangerous and Slatington will be the biggest squad, physically, that the Mountaineers will face this season. The line averages approximately 190 pounds, while the backfield weighs in at 20 or 30 pounds less, depending on the combination used by tonight's visiting contingent. This is the same Slatington club that came within a gnat's eyelash of upsetting powerful Northampton a couple of weeks ago, only to bow by a 20-19 score. The fact that Whitehall ran over Slatington last Saturday, 34-6, is even greater reason to worry, rather than rejoice.

Psychologically speaking Slatington has a driving force behind it at the present time. The Slaters will be out to show that last week's 34-6 lacing was all a mistake and that they are as good as Whitehall, despite the one-sided defeat. The blue and white color bearers, featuring many players from last season, will be out to even an old score that has been burning like salt in a fresh cut. The old score is the 34-7 victory turned in by the Mountaineers over Slatington last November, at Slatington. The visiting coaches will undoubtedly have their charges fired up to fever pitch for this contest.

When Slatington collided with Whitehall last week they met the Zephyrs in an ugly mood, as only the week before they had been held to a 7-7 deadlock at rain soaked Gordon Giffels Field. It was the second tie of the season for Whitehall and came almost as a defeat. The Zephyrs were out to show a lot of people that they were plenty hot stuff in this football business and Slatington just happened to be on the receiving end. Both Slatington and Stroudsburg have played five league games thus far this season, and in closing it might be interesting to look over a couple of unofficial figures.

Slatington has scored a total of 115 points against circuit foes for an average of 23 markers a game. Stroudsburg on the other hand has tallied 104 points for an average of 20.4 points an outing. Defensively Stroudsburg has allowed only 47 points to be scored by the opposition, for a 9.2 average, while Slatington has given up 67 tallies for a 13.2 average. On paper the teams are evenly matched. This writer still thinks Stroudsburg will WIN, but the Mountaineers must be careful, must play hard football, must be alert and must continue their fine teamwork. The championship of the Lehigh Valley League is just as much at stake tonight as it will be next Saturday.

## East Stroudsburg Junior High In Final Grid Contest

East Stroudsburg Junior High School will wind up its football season today when the charges of Coach Mike Evans tangle with Whitehall Junior High, on the latter's home field. The kickoff is listed for 3:30 p. m.

The Cavaliers won their only game of the season last Friday when they inflicted the first loss in two years on the Indians of Lehigh, 14-7.

Whitehall will be out to earn its second victory of the campaign over East Stroudsburg, as the Zephyrs won an opening day battle between these same two foes, at East Stroudsburg.

The Cavaliers also lost twice to Hackettstown and once to Lehigh, prior to turning in last week's victory.

Evans is expected to open today's game with Bob Herman at left end; Al Smith, left tackle; Jim Kolcum, left guard; Wesley Werkheiser, center; Bill Smith, right guard; John Smith, right tackle; Ronald Mursch, right end; Dale Metzgar, quarterback; Dave Heckman, left halfback; Carl Smith, right halfback; and Leroy LaBar, fullback. Dick Miller is also expected to see action in the East Stroudsburg backfield.

The East Stroudsburg Senior High varsity isn't scheduled for action this week.

## Stroudsburg High Key Club To Make Sportsmanship Award

Stroudsburg High School's Key Club, sponsored by the Stroudsburg Kiwanis Club, has adopted a project on good sportsmanship which will be inaugurated shortly, officers of the group reported yesterday.

According to the plan adopted, a good sportsmanship certificate will be presented to the player of a team opposing Stroudsburg who is considered best qualified for receiving the honor. This will cover football, basketball and baseball, Secretary Norman Wangman said.

## Railbirds Worry About French Horses

Laurel, Md. (AP) — Silnet and Worden, the two French horses in the \$65,000 Washington, D.C. International, have the railbirds wondering about left turns.

The pair from France have raced mostly on right turns, or clockwise as are most tracks in Europe. Both are among the best handicap horses across the Atlantic, but the question is whether they will be at their best on the sharp counter-clockwise grass infield course at Laurel Park tomorrow.

Owner Silnet is owned by Paul Dubosq of Bordeaux, who has sugar plantations in the West Indies. He'd like to take the heavy \$50,000 sugar which goes to the winner of the mile and one half turf classic, as well as the International prestige. Worden is property of Ralph Beaver Strassburger, of Norris-town, Pa., who has resided in France many years.

## Mountaineers Place Title Hopes On Line

Stroudsburg High faces another terrific hurdle in its path to a possible Lehigh Valley League football championship tonight, when a big, rugged Slatington grid machine invades Gordon Giffels Field, in the final night game of the campaign for the Mountaineers. The kickoff is scheduled to take place at 8 p.m.

Undeafed Stroudsburg, with six victories and one tie, must win tonight's encounter to keep its

championship hopes alive. The Mountaineers are currently tied for first place in the standings with Northampton and each must win this weekend to enter next Saturday's clash in the same deadlock.

The Mountaineers will also attempt to equal a modern record tonight, as they go in search of a win number seven. No Stroudsburg team coached by Jerry Stulgaitis has even won more than seven games and the Mountaineers turned in this total in 1945.

Slatington has lost three games, to East Stroudsburg, Northampton and Whitehall, but still remains one of the strongest clubs in the entire Lehigh Valley. The Slaters bowed to Northampton by only one point, 20-19.

The Slaters will also bring the biggest team of the current season to town tonight. The line averages in the neighborhood of 190 pounds, while the backfield weighs in at 160 pounds.

Stroudsburg's starting forward will average 180 pounds and the backfield will also hit the 160-pound beam.

Stulgaitis announced last night that defensive left halfback Don "Sonny" Deibler is the only casualty on the squad at the present time, and that he probably wouldn't start, although he is certain to see action against the Slaters. Deibler received a kick in the back during last week's game at Catawqua and has been troubled with soreness and stiffness ever since.

The Stroudsburg coach pointed out that the Mountaineers offensively would stack up against Slatington, just as they have every other foe on this season's schedule.

This means that Co-Captain Russ Bachman will be at left end; Bill Morman, left tackle; Jack Price, left guard; Dick Hintze, center; Jim Driebe, right guard; Dick Campestra, right tackle, and Dave Nevil, right end.

Stroudsburg's backfield will feature Karl Weingartner at quarterback; Benny Miller, left half; Leon Marable, right half, and Co-Captain Don Garaventi, fullback.

Tom "Tank" Berger, Miles Kirkhuff and Leroy Hochrime will see plenty of action in the Stroudsburg forward wall on defense, while Jack Whittle takes over for Marable defensively.

Slatington will answer the opening kickoff with Roy Hankee at left end; Walt Biose, left tackle; Dick Rex, left guard; Carl Parry, center; George Dillard, right guard; Howard Danner, right tackle; Dick Nissen, right end; Walt Lukasevich, quarterback; Jack Follweiler, left halfback; Carmen Cerrone, right halfback and high scoring Maurice Schleicher, fullback.

Schleicher is currently third in the Lehigh Valley and second in the Lehigh Valley League in scoring.

A "standing room only" crowd is expected to watch the final night game of the season at Giffels Field. The crowd is expected to arrive early and two admission gates will be open. Tickets may be purchased in advance at the DeVivo Shoe Repair Shop, Main St.

The Stroudsburg High student body is scheduled to hold a giant pep rally this afternoon, at the W. Main St. school.

## Nobody Wants To Tangle With Graham

Detroit (AP) — Nobody, it seems, wants to fight Billy Graham, Not Al Andrews, the winner. Not "Chuck" Davey, the loser.

Andrews scored a close split decision over the fading Davey last night in a nationally televised 10-rounder.

That was supposed to put Andrews into a December 2 date here with Graham, the veteran New York welterweight contender.

Graham had signed to fight the winner but Andrews apparently hadn't, and yesterday Ike Bernstein, Andrews' 76-year-old manager, said:

### Statement

"I don't think my boy's ready for Graham. Graham has too much experience. He's too smart."

Nick London, matchmaker for the International Boxing Club, tossed the fight Davey's way but a source very close to the East Lansing, Mich., boxer said he didn't think Davey would accept.

Davey is still undecided whether to continue his ring career but this source added, the 29-year-old southpaw doesn't think the time is ripe for a fight against Graham.

Almost everybody in the Detroit area thought Davey had won the fight, including Graham. A ring-side poll showed 13 writers favored Davey while only one thought Andrews had won. The AP called it even.

## Fain To Be Move To Outfield

Chicago (AP) — First baseman and 1952 American League batting White Sox in leftfield next season.

Another Switch  
Manager Paul Richards, here for a huddle of Sox officials, yesterday disclosed the lineup switch which also moves leftfielder Minnie Mingo to third base and will have two players, Bob Boyd and Connie Ryan, alternating at first base.

The move strongly indicated that General Manager Frank Lane has had no success in his efforts to deal for a sound third baseman and another outfielder.

## Mack Pays Tribute To Former Pilot

Philadelphia (AP) — There aren't four better managers in the major leagues than Jimmy Dykes.

Who says so? Not Dykes himself, nor his wife nor any of his kinfolk. The tribute comes from the man who just fired Dykes as manager of the Philadelphia Athletics, Roy Mack.

The obvious question then is why was Dykes fired and Eddie Joost named in his place.

The answer as gathered from a luncheon chat with Roy Mack is that Dykes spent too much time following the wrong kind of ball. Dykes, it seems, was so devoted to golf he slighted the Philadelphia Athletics. So said Roy Mack.

### Agrees

The executive vice president of the Athletics agreed that Dykes wasn't responsible for Bobby Shantz' tearing loose a tendon in his pitching arm; Dykes wasn't responsible for the injury that sidelined Joost from June 19 to the end of the season; nor was he to blame for the fading of Harry Byrd as an effective pitcher.

Mack admitted, too, that Dykes didn't inject burrito into the good left arm of Alex Kellner, and that Dykes didn't put lead in the shoes of the slowest team in the big leagues. Dykes didn't push Elmer Valo into a fence and disable him for most of the season, nor did he break third baseman Hal Bevan's leg.

"Dykes is still one of the best managers in the business," said Mack.

"Why then did you fire him?" he was asked.

"Well, we needed a change, some younger blood at the helm. Dykes is 56 and Joost is only 37."

Why not change the players instead of the manager?

No answer.

## Nardico Halts Bennett Early

Macon, Ga. (AP) — Danny Nardico, world's third ranking light heavyweight, knocked out Jackie Bennett midway the first round of their scheduled 10-rounder last night.

Stretched Out  
Nardico had hardly flexed his muscles before Bennett was stretched on the canvas and the arms of Referee Jackie Crawford were waving over his prostrate form.

## Bangor High School Releases Basketball Slate Of 19 Games

Bangor — Coach John Heard last night released a 19-game basketball schedule for Bangor High School, one that features 10 home dates and nine on the road.

The schedule opens on Monday, December 7, with Slatington providing the opposition on the Bangor court. The campaign comes to an end with Copley as the opponent, on February 26.

A total of 16 Lehigh-Northampton League contests are on the books for this season, while three non-circuit foes will also be faced.

**Non-League**  
The non-league opposition will be supplied by Slatington and two games with Phillipsburg, on a home-and-home basis.

Two of the Bangor encounters will be against East Stroudsburg, at East Stroudsburg on Friday, December 11, the opening league game, and at Bangor on January 29.

Junior varsity action will begin at 6:45 p. m. and the main event at approximately 8:15 p. m.

### Schedule follows:

"I talked with him for about an hour in Columbus last week," Bavasi said. "He didn't say yes and he didn't say no but it was my impression he was not interested in being a player-manager."

Bavasi was asked if the Dodgers had considered hiring Reese as a bench manager.

"Who would play shortstop for us?" he countered.

The Dodger job became vacant in mid-October when the club and Charley Dressen were unable to agree on the length of a new contract.

**Knockout**  
Before the left hook knockout, Smith had dropped Hazel with a right-left-right combination and he took an eight-count from Referee Joey Harrison.

## Smith Stops Hazel In First

Newark, N. J. (AP) — Wallace "Bud" Smith, 136½, a Cincinnati now living in Newark, knocked out Billy Hazel, 140, New York, in 1:44 of the first round of a scheduled eight-round bout at Laurel Garden last night.

## Membership Of Basketball Loop Uncertain

Five teams were represented at last night's meeting of the Blue Mountain Basketball League at the Thomas P. Lambert Veterans of Foreign Wars Post, including the newly admitted Stroudsburg contingent.

The other four clubs represented were Weston Club, of Easton; Hackettstown, Portland and Nazareth Dress Co.

Washington, N.J. and Frank's Barbers, an East Stroudsburg club were not present at last night's gathering and through their absence became doubtful members of the circuit, although both had signified earlier that they would be in the circuit this season.

**Possible**  
The Grand Theater, East Stroudsburg, has shown an interest in entering the league and will inform the circuit definitely of its intentions at the next league meeting, Thursday, November 19, at the Weston Club, Easton. Another Easton squad may also enter the circuit.

Last night's gathering discussed the various league members, officials and made payment of admission fees.

Herman Hockberg, league president and a resident of Nazareth, was in charge of last night's meeting.

**Phil's Send Three To Syracuse**

## Cousins Reunited After 50 Years By Record Item

Cousins who hadn't met in 50 years were reunited recently because of a brief item printed in the Stroudsburg column of The Daily Record.

W. R. Horst, East Stroudsburg RD 3, spotted the name of his cousin, August Meyer, of Mamaroneck, N. Y., in the column authored by Mrs. Ralph Bond. He checked with the correspondent and the reunion followed.

This week Mr. and Mrs. Horst entertained Mr. and Mrs. Meyer at their home and the meeting was covered by The Daily Record's Henryville correspondent, Mrs. Paul Barry.

## World Day Service Set

Portland — World Community Day service will be held in Christ Lutheran Church, Stone Church, at 8 tonight.

Mrs. E. S. Rosenberry, president, will be in charge. Theme for the program is "Building Lasting Peace." Rev. Roger Stinson Jr., pastor of Richmond Methodist Church, will be the speaker.

A pageant will be presented with each of the 10 area churches represented. Special music will be directed by Mrs. John Ribble. The service is under the sponsorship of the United Council of Church Women.

## Extension Service To Elect

Asia and its people will be the subject at the annual meeting of the Monroe County Agricultural Extension Service Nov. 12 at the West End Fire Hall, Brodheadsville.

Those attending the 7:30 p. m. meeting will see color slides showing the dress, habits, housing and agricultural methods of people in 10 Asian countries.

The slides were taken by Mr. and Mrs. Nicholas Rahn of East Mauch Chunk, who traveled 33,000 miles during the summer. Rahn was Carbon County agricultural agent from 1917 to 1950.

The session will be conducted by

Helena Rubinstein invents

whipped cream for soft,  
inviting hands!

## HAND DELIGHT

Put your hands in Helena Rubinstein's capable hands and they'll lead a softer life than they've ever known. Her new Hand Delight is a beauty-treatment-and-protector made with the most beneficial ingredient known to hands, now in a completely non-sticky form at last! And in its own pressure atomizer that's unbreakable, convenient and pretty!

Just the right amount of this light, heavenly whipped cream fluffs out at your touch . . . melts into your skin in no time. An invisible "glove" forms to guard you through repeated soaks in soapy water, through cold weather. You'll protect your hands with it often . . . before and after dishes, laundry, exposure . . . it's so invitingly fragranced, so phenomenally smoothing.

Hand Delight is an economical pleasure—up to 200 beauty treatments at just 1.25 plus tax.
